

Tatiana has a new CD!! "Aventuras en Tatilandia", to celebrate it she did the official introduction last March 25th in Mexico city, there were more than 60 boys and girls most of them sons and daughters of the reporters invited by Tatiana herself. This is the children's album #14.

After a few questions from the journalists, Tatiana gave them autographs and took pics with all of them while in the background the new CD was playing, that by the way is a Tatiana's production.

Some of the songs included are the already famous "Mi burrito querendon" duet with also singer Priscilla, "Hola amigos" famous song of the Spanish group "Parchis", "Muevanse todos" which is the Spanish version of "Twist and shout" this time in reggaeton rhythm, other song is "Cosa rara y narizona" remake of the song "purple people eater", there are also some others like "el baile de la gallina", "el juego de los nombres", "la pelusa", "la maquinita", "buenas noches", and last but not least we can find "Detrás del arcoiris" the main theme of the movie "The wizard of oz" "Somewhere over the rainbow" in ballad version.

After the CD was introduced, Tatiana immediately began her "Aventuras en Tatilandia tour 2006" in Houston Texas, more than 4,000 people were there, I have to say that everyone was surprised by the great show while Tatiana sang songs like "Bibidi babidi boo", "los marcianos llegaron ya", "super pato", "el chango marango", and of course her

brand new song "Mi burrito querendon".

As we all know Tatiana is from Monterrey Mexico, so she made a very special event to introduce her CD there, to do this the "San Pedro hall" at the Quinta Real hotel was decorated with star shaped balloons, magic wands, inflatable games, giant screens and audio equipment. Tatiana received

her special guests with bags full of candies, an autographed picture and her new CD, she said that she feels very happy because of what this CD means.

Her "Aventuras en Tatilandia tour 2006" will be as in Mexico as in the United States, she will visit: Texcoco, Los Cabos, La Paz, Cd Victoria, Tampico, Nvo Laredo, Torreon, New York etc.. and once again in the Monterrey Arena between June 17th and 25th.

Talking about her tour Tatiana recently performed in Santiago Nuevo Leon specially for kids from the mountains, towns nearby from the south of Nuevo Leon.

Tatiana as always, takes the time to do altruistic campaigns and for 5 years in a row she was invited to participate in an event organized by Televisa Monterrey to give support to handicap children and the hospitals that look after them, Tatiana considered "Monterrey's and Mexico's pride" sang something from her new CD "El baile de la gallina" and along with Priscilla also there "Mi burrito querendon".

THAT'S IT FOR NOW SEE YA' NEXT TIME!
